

THE DI BAND

Challenge: Your TASK is to use your IMAGINATION and form a band in which each member makes a noise of an original instrument that creates an original song that you will PERFORM as a presentation to the School Board.

Time: You will have up to 5 minutes to use your IMAGINATION to come up with a song that you play as a band using only yourselves as the instruments. Then you will have 2 minutes to present your song to the judges.

The Scene: Your school needs a new theme song. Your team is one of several that has been selected to come up with a new theme song and play it for the School Board (that is, your Team Manager). However, you do not have any real instruments, so you will need to use your imaginations to come up with sounds that each member of your team can make and then use them to create a song that you will play for the Board. You will also need to present your song in a creative way so that the School Board chooses your song to represent the school.

Procedure:

- Part One (5 minutes): Create your band, song, and presentation during this part. Each member of your team must be part of the band and have an instrument to play.
- Part Two (2 minute): Present your new, original song to the School Board in a creative way to convince them to choose your song.
